TENANT IMPROVEMENT

NEW COMMERCIAL

SINGLE FAMILY

MULTI-FAMILY

EARLY GAS RELEASE PRIOR TO BUILDING FINAL

For Multi-Tenant Buildings with separate unit meters, 3 units may be included on one release. When a multi-tenant building includes only 1 main service meter, only 1 building may be listed on the release.

For Multiple commercial/ industrial buildings, a total of 1 meter (units or addresses) may be on a single release. For Single Family Tracts, a maximum of 3 addresses may be included in one release.

All Addresses must be in sequential order. Please send completed form to buildingpermits@murrietaca.gov.

Project Number: _____ Project Address: _____

Owner of Building: _____

Address: _____

Pressure: _____

Future Occupancy (intended use) without required Certificate of Occupancy, gives the city of Murrieta the right to disconnect the utility service allowed by approval of this request.

This request is not valid, unless approved by the Director of Building Safety.

I, _____, as a licensed plumber, State License # _____, Expiration date _____, Business License # _____, Expiration date _____ do hereby request authorization to connect and approval for the temporary use of the permanent plumbing service at the above location based on my certification as a licensed plumber that:

1. The related plumbing installation is such condition that service may be safely connected and used without undue danger to life or property.
2. The use is for the sole purpose of completing the subject construction and for the convenience of the contractors, workers, etc.

Further, I acknowledge and understand that an approval of this request, if granted, does not give or imply any approval of occupancy of the premises prior to the required final inspections and issuance of a Certificate of Occupancy.
