

Engineer Framing/Foundation Letter

Engineering Company or Engineer Name

Address

☐ Foundation
F Framing

As indicated by my signature and seal as a licensed professional engineer, I hereby state that:

PERMIT NUMBER:

ADDRESS:

I or qualified individuals from this office have performed inspections as set in the Chapters of the International Building Code (IBC) and/or International Residential Code (IRC) as presently amended and adopted. I also confirm that inspections were performed and completed in accordance with the design documents submitted to the City of Rowlett.

In addition, I certify that these inspections were made with reasonable care and diligence in accordance with generally accepted engineering practices outlined by the State of Texas. I also acknowledge that:

- (1) Such services do constitute requirements or inspections as defined by the IBC as "Special Inspections";
- (2) As denoted by the engineering seal on the construction documents and on this letter, we believe that we have fulfilled our obligations as an engineer under the Texas Engineering Practice Act pursuant to its requirements to protect the public health, safety and welfare in the practice of engineering.
