Performance Standards for Family Day Care Facility:

- ☐ The facility is a single family dwelling and is the principal residence of the provider. This use as a family day care home is clearly incidental and secondary to the use of the property for residential purposes.
- ☐ No structural changes or signage is proposed which will alter the character of the single family residence.
- ☐ In addition to the required two (2) off-street parking spaces for the residence, a minimum of one (1) off-street parking space per employee is required. However, no more than two (2) off-street parking spaces shall be required. The residential driveway is acceptable as a parking space if said parking space will not conflict with any required child drop-off/pick-up area and does not block the public sidewalk or any portion of the City right-of-way.
- ☐ Any residence located on an arterial street must provide a drop-off/pick-up area designed to prevent vehicles from backing onto an arterial roadway. Curb-side drop-off/pick-up is acceptable if a curbside parking lane exists adjacent to the property. If existing curbside parking (drop-off/pick-up) is converted to a travel lane, this permit shall be terminated unless an adequate drop-off/pick-up area can be provided elsewhere to the satisfaction of the City Engineer.
- ☐ The provider shall comply with all applicable Building Code and Fire Code regulations regarding health and safety requirements. Provider shall, prior to operating the facility, apply for and receive a Change of Occupancy Permit from the Building Official.
- ☐ On-site landscaping shall be maintained in good physical condition

- ☐ For the purposes of noise abatement, day care facilities in residential districts may only operate between the hours of 6:00 A.M. and 7:00 P.M., seven days a week.
- ☐ For the purposes of noise abatement, outdoor activities for day care facilities in residential districts may only be conducted between the hours of 8:00 A.M. to 7:00 P.M.
