Planning Board

By signing this permission form, submitted with this application to The Borough of Paramus Planning Board, the signer consents to inspection of the project site for which this application is sought and, to the extent necessary, areas adjacent to the project site or facility. This consent allows the Board Professionals and their employees to enter upon and pass through such property in order to inspect the project site or facility, without prior notice. Inspections may take place as part of the application review prior to a decision to grant or deny. By signing this consent form, the signer agrees that this consent remains in effect as long as the application is pending and/or approved and is effective regardless of whether the signer, applicant or an agent is present at the time of the inspection. In the event that the project site or facility is posted with any form of "posted" or "keep out" notices, or fenced in with an unlocked gate, this permission authorize the Board Professionals and their employees to disregard such notices or unlocked gates at the time of inspection. The signer further agrees that during an inspection the following might take place: taking of measurements, analyzing physical characteristics of the site including, but not limited to, soils and vegetation (taking samples for analysis), and may make drawings and take photographs. Failure to grant consent for an inspection is grounds for, and may result in, the delay of hearing this pending application before the Planning Board. Permission is granted for inspection of property located at the following address(es):

Applicant Name: _____

Applicant Address: _____ Block _____ Lot _____

Property Owner: _____

Property Owner's Signature: _____

Date: _____
