

HOLD HARMLESS AGREEMENT

This agreement is to allow for a structure to be constructed within a Township easement. The property Owner has requested that a fence be installed within a Township easement. The Owner hereby agrees that they shall be responsible for the installation and future maintenance of the fence and shall hold the Township harmless from any and all liability attendant to the fence being placed in said easement. The Owner shall also be responsible to repair and/or restore any and all damage to the Township utility and/or easement area which is caused by the construction. All surface drainage patterns shall be maintained. In addition, in the event that the Township must enter the easement area to repair and/or maintain their utility, should any structure and/or landscaping need to be removed in order to perform said work, the Owner shall have the primary responsibility to remove and replace at the Owner's sole expense. Should the Township be required to remove any structure and/or landscaping to perform said work, the Owner shall be responsible to reimburse the Township for all costs regarding the removal and shall also be responsible to replace any structure and/or landscaping at the sole expense of the Owner.
