How do you believe your experience may be beneficial to the residents of Providence Village?

With my recent service on the Council, I can step into this role on day one already fluent and briefed on ongoing Town business, budget items, tax matters, and policy processes. That readiness would allow me to focus immediately on current items before Council.

In addition to Council, my familiarity with Planning & Zoning and the Economic Development Corporation over the last few years is especially valuable as our Town continues to navigate long term projects and multi year planning decisions.

Having served alongside each of you in some capacity, you know I show up prepared, listen carefully, ask questions and work hard to determine the right choice for our Providence Village family.

If I am given the opportunity to continue serving our residents in this capacity by appointment, I will bring that same steadiness, integrity, and resident first mindset to every issue that comes before me.

Please list any business or personal relationships with the Town that might create a conflict of interest or impact your ability to serve:

None.
