City and County Addendum Instructions

Use this addendum form to apply for the city or county endorsements available through the Business Licensing Service (dor.wa.gov/CityEndorsements or dor.wa.gov/CountyEndorsements). Complete a Business License Application and a separate City and County Addendum form for each of your physical business locations. To make sure your application is processed promptly, complete each section that is applicable to your business.

1. All applicants must complete Section 1 of this addendum form. Directly contact any cities or counties not licensed through the Business Licensing Service to determine their licensing requirements, as they are not part of the combined licensing process. Applicants must complete Section 1 of this addendum form.
2. Complete Section 2 of this addendum to apply for the city or county endorsement for where your business is physically located; this is considered a resident endorsement. For cities, this means your business is located inside the city limits. For Asotin and Franklin counties this means your business is located in the unincorporated area of the county. Provide estimates if the answer is unknown at this time.
 - a. In Section 2 of the Business License Application form, write the name of the city or county you entered in Section 2 of this addendum and that city or county fee amount.
3. Complete Section 3 of this addendum to apply for endorsements with other cities or counties where you will be traveling into or doing business in but have no permanent physical location. This is considered a non-resident endorsement. For cities, this means your business is not located in the city limits, but you will be traveling or doing business within one of our partner's city limits. For Asotin and Franklin counties this means your business is not located in unincorporated areas of the county, but you will be traveling or doing business there.

City and county endorsements must be approved by the city or county before business may begin in that city or county, in accordance with the city's or county's Land Use, Building and Fire codes and ordinances. Contact each city or county directly for more information.

For each city or county in which you will operate as a non-resident business, provide the following information. Provide estimates if the answer is unknown at this time.

Column a, write the name of the city or county.

Column b, if the city or county provides a no-fee endorsement, indicate 'Yes' or 'No' if you qualify for it. If there is no fee-exempt endorsement in that city or county you may enter N/A.

Column c, provide the date you started or will start conducting business in that city or county.

Column d, estimate your gross annual income for the coming 12 months for this location.

Column e, provide the number of full-time employees who will be working within the city limits or unincorporated areas of the county.

Column f, provide the number of part-time employees who will be working within the city limits or unincorporated areas of the county.

Column g/h, if the city or county charges a fee based on the number of employees (full-time and/or part-time) enter the per-employee fee. If the city charges a base fee in addition to other fee calculation include it in the total amount entered in column i. If the city does not charge fees by employee leave this column blank.

Column i, if you entered a per-employee fee in column g, multiply that amount by the number of employees listed in column e. If you entered a per-employee fee in column h, multiply that amount by the number of employees in column f. Add the two totals together and enter the result in column i. If the city or county does not charge a per-employee fee, enter the fee amount for the city or county endorsement.

In Section 2 of the Business License Application form, write the city or county name you entered in column a, and the fee for that city or county you entered in column i.
